

Sustainable Development Goals (SDG) Research Document

This is a dummy SDG PDF document created for testing upload, keyword extraction, SDG categorization, and UI integration purposes.

SDG 1 - No Poverty

Keywords related to this SDG include: poverty, livelihood, financial support, employment, economic growth. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 2 - Zero Hunger

Keywords related to this SDG include: food security, nutrition, agriculture, hunger, sustainable farming. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 3 - Good Health and Well-being

Keywords related to this SDG include: healthcare, mental health, diseases, immunization. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 4 - Quality Education

Keywords related to this SDG include: education, literacy, schools, digital learning, skill development. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 5 - Gender Equality

Keywords related to this SDG include: women empowerment, equal rights, inclusion, gender parity. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 6 - Clean Water and Sanitation

Keywords related to this SDG include: clean water, sanitation, hygiene, water conservation. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 7 - Affordable and Clean Energy

Keywords related to this SDG include: renewable energy, solar power, sustainable energy. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 8 - Decent Work and Economic Growth

Keywords related to this SDG include: employment, startups, economy, productivity. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 9 - Industry, Innovation and Infrastructure

Keywords related to this SDG include: innovation, infrastructure, technology. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 10 - Reduced Inequalities

Keywords related to this SDG include: social equality, inclusion, equal opportunity. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 11 - Sustainable Cities and Communities

Keywords related to this SDG include: urban planning, smart cities, sustainability. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 12 - Responsible Consumption and Production

Keywords related to this SDG include: recycling, waste management, sustainability. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 13 - Climate Action

Keywords related to this SDG include: climate change, carbon emissions, environmental protection. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 14 - Life Below Water

Keywords related to this SDG include: marine life, oceans, aquatic ecosystems. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 15 - Life on Land

Keywords related to this SDG include: forests, biodiversity, wildlife protection. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 16 - Peace, Justice and Strong Institutions

Keywords related to this SDG include: justice, governance, human rights. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

SDG 17 - Partnerships for the Goals

Keywords related to this SDG include: global collaboration, partnerships, development. This section is added for testing keyword extraction, categorization, and SDG mapping functionalities.

Field	Value
Document Type	Dummy SDG Testing File
Format	PDF
Purpose	Keyword Search & SDG Classification Testing
Generated For	University Research Portal
